

The Right to Go School Toilet Charter

Access to decent toilets whenever the need arises is a fundamental human right and necessary for good health and wellbeing. ERIC's Right to Go campaign is calling on all schools to sign up to the school toilet charter and ensure this right is met.

For more information and resources visit: www.eric.org.uk/right-to-go

All schools should provide:

Unrestricted access to a toilet, whenever the need arises. This means no school should have a policy of not allowing children to use the toilet during lesson times.

Adequate numbers of facilities for both female and male users which ensure sufficient privacy.

Dedicated unisex toilets, or female and male toilet cubicles, properly equipped, for users with special needs.

Properly designed toilet and washroom facilities, suitable for the range of anticipated users, with adequate lighting, ventilation, fixtures and fittings.

Hot water, ideally from a mixer tap, with adequate provision for soap and hand drying facilities.

Toilet tissue dispensers provided at a convenient height, replenished as needed throughout normal hours of usage.

Sanitary towel disposal units in all female cubicles (where age appropriate in both primary and secondary schools), serviced on a regular basis.

An effective toilet supervision regime to ensure proper standards of provision and management throughout normal hours of usage.

An effective toilet cleaning/inspection regime to ensure adequate standards of hygiene, behaviour and cleanliness, throughout normal hours of usage.

A published school toilet management policy approved by school governors and pupils, and communicated to all pupils, parents/guardians and staff.

A child friendly comments/complaints procedure, for pupils, parents/guardians and staff to communicate toilet concerns or grievances to the head teacher and/or school governors.
